**HIGHWAY PROGRAM SUMMARY  
ILLINOIS DEPARTMENT OF TRANSPORTATION  
REGION 2, DISTRICT 3, OTTAWA**

**Overview**

Highway District 3 encompasses 9 counties in east central Illinois and includes the cities of DeKalb, Kankakee, LaSalle-Peru, Mendota, Morris, Oswego, Ottawa, Pontiac, Princeton, Streator and Watseka, plus many smaller communities, which serve as satellites for the larger employment centers or as focal points of this farming area. The state highway system in District 3 consists of 1,739 miles of highways and 826 bridges, supporting 11.2 million vehicle miles of travel daily.

**State Program**

The program for state and local highways will average \$1.738 billion annually for the FY 2007-2012 period. Approximately \$797 million will be provided during FY 2007-2012 for improvements to state highways in District 3. The following table summarizes anticipated accomplishments on the state highway system in District 3 during this time frame.

**FY 2007-2012 Accomplishments**

<u>System Maintenance</u>	
Interstate (miles)	70
Non-Interstate (miles)	513
Safety Locations (number)	7
<u>Bridge Maintenance</u>	
Interstate (number)	35
Non-Interstate (number)	66
New Bridges (number)	1
<u>Congestion Mitigation</u>	
Roads (miles)	5
Traffic Improvements (number)	19
<u>System Expansion</u>	
Roads (miles)	36
Locations (number)	0

Major projects of interest that are tentatively scheduled during the FY 2007-2012 time frame include:

- **Interstate 39 Abraham Lincoln Bridge over the Illinois River.** A new bridge deck and bridge painting are programmed in FY 2007 at a cost of \$31.6 million.
- **Interstate 57 from 2.4 miles north of US 24 to north of Clifton in Iroquois County.** Resurfacing on 12.3 miles, bridge work and engineering for contract plans are programmed during FY 2008-2012 at a cost of \$22.3 million.
- **Interstate 57 from the Kankakee River Bridge to south of the Illinois 50 Interchange in Bourbonnais.** Resurfacing on 3.9 miles, bridge replacement and vertical realignment at the Kankakee River, engineering for contract plans, land acquisition, and replacement of bridges at Waldron Road and North Street are programmed during FY 2008-2012 at a cost of \$32.2 million.
- **Interstate 57 from north of Illinois 50 Interchange to the Will County line.** Resurfacing on 8.6 miles, patching, bridge repair, engineering for contract plans and replacement of bridges at Larry Powers Road and under Indian Oaks Road and engineering for location, design and environmental studies at 6000 North Road are programmed during FY 2007-2012 at a cost of

\$20.2 million. Of this total, \$700,000 is programmed in FY 2007 for the engineering for location, environmental and design studies at 6000 North Road.

- **Interstate 80 from the Henry County line to west of Illinois 251 in Bureau County.** Resurfacing on 38.4 miles, bridge replacement or rehabilitation on 16 structures, bridge removal, preliminary engineering, engineering for contract plans and land acquisition are programmed during FY 2008-2012 at a cost of \$84.9 million.
- **Interstate 80 at the Illinois 178 Interchange at Utica in LaSalle County.** A bridge replacement, interchange reconstruction and land acquisition are programmed during FY 2008-2012 at a cost of \$10.3 million.
- **Interstate 80 at the Marseilles Interchange 3.8 miles east of Illinois 71 in LaSalle County.** A bridge replacement, vertical realignment and land acquisition are programmed during FY 2008-2012 at a cost of \$9.5 million.
- **Illinois 26 from 0.1 mile south of Red Covered Bridge Road to Interstate 80.** Additional lanes for 0.7 mile, intersection reconstruction, land acquisition, utility adjustments, engineering for design, location and environmental studies and engineering for contract plans are programmed during FY 2007-2012 at a cost of \$6.7 million. Of this total, engineering for design, location and environmental studies is programmed in FY 2007 at a cost of \$400,000.
- **Illinois 47 from south of Old US 66 at Dwight to US 24 at Forrest.** Resurfacing on 15.1 miles, widening and resurfacing on 9.8 miles, bridge work, land acquisition and associated work are programmed during FY 2008-2012 at a cost of \$11.9 million.
- **Illinois 71 from Orchard Road to US 34 at Oswego in Kendall County.** Reconstruction and additional lanes for 2.6 miles, utility adjustments and land acquisition are programmed during FY 2008-2012 at a cost of \$18.9 million.
- **Illinois 170 over the Illinois River at Seneca.** Construction of a new two-lane bridge and land acquisition are programmed during FY 2008-2012 at a cost of \$16.2 million. This project has been approved for Illinois Major Bridge Program funding.
- **Illinois 251/US 52 from south of the Burlington Northern Railroad underpass to north of Interstate 80 in Peru.** Resurfacing on 11.4 miles, new shoulders and land acquisition are programmed during FY 2008-2012 at a cost of \$9.3 million.
- **Prairie Parkway.** Continuation of the Prairie Parkway Preliminary Engineering Study of the corridor from Interstate 80 in Grundy County to Interstate 88 in Kane County, engineering for contract plans, land acquisition, other pre-construction activities and construction of improvements from Illinois 71 in Kendall County to US 30 in Kane County are programmed during FY 2007-2012 at a cost of \$263.3 million. Of this total, completion of engineering studies and the beginning of engineering for contract plans are programmed in FY 2007 at a cost of \$19.7 million. A previous study resulted in the protection of a corridor in Kane, Kendall and Grundy counties as a planning tool for a possible transportation facility. The preliminary engineering study was begun in late 2002 and established a need for future transportation improvements and evaluation of a range of alternatives to meet those needs. In October 2005, two "build" alternatives were selected for further study, each including a new freeway connecting Interstate 80 and Interstate 88, improvements to Illinois 47 and consideration of travel management and transit options. A Corridor Planning Group was established in late 2005 to engage county and municipal officials, interest groups and professional staff in transportation, environmental and land use issues associated with the project. The total cost to construct a major transportation facility from Interstate 80 to Interstate 88 could exceed \$1 billion and is not funded in the program. The federal FY 2002 appropriations bill provided \$15 million for this project. SAFETEA-LU provided \$207 million in NCIIP funds for this work.
